PROFESSIONAL SUMMARY

Senior React Native and Web Developer with 3+ years of professional experience building and deploying cross-platform iOS and Android applications and web platforms. Experienced in React Native, Next.js, REST API integration, Firebase, payment gateways, Google Maps, push notifications, application state management, UI implementation, performance optimization, and app-store release workflows. Recently developed Brain Blitz, a React Native and TypeScript trivia game featuring timed quizzes, rewards, missions, power-ups, local progress persistence, and AdMob integration.

CORE TECHNICAL SKILLS

Mobile: React Native, JavaScript (ES6+), TypeScript, iOS, Android, Xcode, Android Studio

Web: Next.js, React, HTML5, CSS3, Shopify, WordPress

State & Data: Redux, Context API, REST APIs, Firebase, Firestore, Realtime Database, AsyncStorage

Integrations: Stripe, JazzCash, Google Maps API, FCM push notifications, face verification, Google AdMob

Tools: Git, GitHub, VS Code, App Store Connect, Google Play Console, debugging, release management

PROFESSIONAL EXPERIENCE

React Native & Web Developer | Waantech Pvt Ltd | Lahore | 03/2021 – Present

- Develop and deploy cross-platform iOS and Android applications using React Native and web platforms using Next.js.
- Integrate REST APIs, Firebase services, FCM notifications, Google Maps tracking, pre-ordering workflows, and Stripe/JazzCash payment systems.
- Support app release and publishing workflows through Apple App Store Connect and Google Play Console; collaborate across customer, store-manager, and operations app suites.

React Native UI/UX Developer | Fission Monster | Lahore | 03/2022 – 10/2022

- Implemented high-fidelity UI components for cross-platform apps and resolved responsiveness and rendering issues.

WordPress & Shopify Developer | Brandcom Digital / Waantech | 06/2020 – 07/2023

- Developed, customized, and maintained responsive e-commerce stores and business websites using Shopify and WordPress.

SELECTED PROJECTS

Brain Blitz — React Native / TypeScript | Personal Project

- Trivia game with timed questions, multiple categories, lives, daily/weekly missions, XP, coins, achievements, power-ups, local progress persistence, sound effects, animation support, and AdMob integration.

UK Eats Suite (UK) — Customer and manager food-delivery apps with Stripe, scheduled pre-ordering, order controls, venue visibility, and FCM alerts.

Crispy's Chicken Ecosystem (UK) — Next.js customer web app and React Native manager app for order processing, menu management, and store scheduling.

Delivery Champs Suite (Pakistan) — Customer, manager, and rider apps with Google Maps live tracking, FCM, Stripe, and JazzCash checkout.

Muslim Souls (UK) — Matchmaking app with face verification, subscription plans, location-based recommendations, Maps, FCM messaging, and custom filters.

Eat Bournemouth & Takeaways Bury (UK) — Food delivery apps with Stripe, FCM, and restaurant coverage mapping.

WEB DEVELOPMENT PORTFOLIO

Shopify: adamhome.co.uk, drahmad.clinic/ | **WordPress:** foodfusionhk.com, downtownholding.pk, houseofproperty.pk, zitsservices.com, waantech.com

GitHub: github.com/mahekm175

EDUCATION

Bachelor of Science in Computer Science (BSCS) | Post Graduate Girls College Samanabad (Affiliated with LCWU), Lahore | Graduated 2017

PROFESSIONAL STRENGTHS

End-to-end mobile app development • API and third-party integrations • Payment systems • UI/UX implementation • App publishing • Debugging and performance optimization • Cross-functional collaboration
